## Acknowledgement of Financial Commercial Support

No financial commercial support was received for this educational activity.

## Acknowledgement of In-Kind Commercial Support

No in-kind commercial support was received for this educational activity.

## Satisfactory Completion

Learners must complete an evaluation form to receive a certificate of completion. Physicians should claim only the credit commensurate with the extent of their participation in the activity. If you are seeking continuing education credit for a specialty not listed below, it is your responsibility to contact your licensing/certification board to determine course eligibility for your licensing/certification requirement.

## CME Accreditation & Designation Information

Scimple Education, LLC is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Scimple Education, LLC designates this live activity for a maximum of *10.0 AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in this activity.

## Objectives - After Attending This Program You Should Be Able To

1. Follow the most recent AHA guidelines for resuscitation of cardiac arrest.
2. Manage the patient's airway, monitor circulation, and give appropriate medications.
3. Assess the timing of resuscitative modalities
4. Consider the disparities of care based on ethnic and cultural differences

## Disclosure of Financial Relationships

In accordance with the ACCME Standards for Integrity and Independence in Accredited Continuing Education, Simple Education LLC has implemented mechanisms prior to the planning and implementation of this CME activity to identify and mitigate all relevant financial relationships for all individuals in a position to control and influence the content of this CME activity.

The following table of disclosure information is provided to learners and contains the financial relationships of each individual that is in a position to control and influence the content of this CME activity. All of these relationships have been mitigated.

All individuals in a position to control the content of CE are listed below.
