Acknowledgement of Financial Commercial Support

No financial commercial support was received for this educational activity.

Acknowledgment of In-Kind Commercial Support

This activity is supported in part by an in-kind donation from the following companies:

- ECHONous (Durable equipment)
- Fisher & Paykel (Durable equipment)
- Teleflex Incorporated (Durable equipment)

Satisfactory Completion

Learners must complete an evaluation form to receive a certificate of completion. Physicians should claim only the credit commensurate with the extent of their participation in the activity. If you are seeking continuing education credit for a specialty not listed below, it is your responsibility to contact your licensing/certification board to determine course eligibility for your licensing/certification requirement.

CME Accreditation & Designation Information

Scimple Education, LLC is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Scimple Education, LLC designates this live activity for a maximum of *20.5 AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in this activity.

Objectives - After Attending This Activity You Should Be Able To

1. Rapidly and effectively identify patients with hemodynamic instability.
2. Apply best practices of cardiopulmonary resuscitation to deliver physiologically optimized goals.
3. Develop a clinical framework to rapidly deliver goal-directed care for unstable patients.
4. Perform the timely use of ultrasound at the bedside for hemodynamically unstable patients.
5. Consider the differences in the delivery of care with respect to specific patient populations such as the morbidly obese, the elderly, and patients with significant comorbidities.

Disclosure of Financial Relationships

In accordance with the ACCME Standards for Integrity and Independence in Accredited Continuing Education, Simple Education LLC has implemented mechanisms prior to the planning and implementation of this CME activity to identify and mitigate all relevant financial relationships for all individuals in a position to control and influence the content of this CME activity.

The following table of disclosure information is provided to learners and contains the financial relationships of each individual who is in a position to control and influence the content of this CME activity. All of the relevant relationships have been mitigated.

All individuals in a position to control the content of continuing education are listed below.

Name of Individual	Individual's Role in the Activity	Name of Ineligible Company(s)	Role of Relevant Financial Relationship(s)	Relevant?	Mechanism(s) implemented to Mitigate conflict of interest appropriate to role(s) in the activity
Haney Mallema, MD	Planner / Speaker	N/A	N/A	N/A	N/A
Nitin Puri, MD	Reviewer	N/A	N/A	N/A	N/A
Adam Green, MD	Speaker	Cerebell	Consultant	Not relevant	N/A
Dennis Woo, Nurse	Speaker	1. Butterfly Network 2. Access Vascular 3. Nexus Medical 4. Eloquest	1. Shareholder 2. Consultant 3. Consultant 4. Consultant	1. Relevant 2. Relevant 3. Relevant 4. Relevant	Slide content peer review performed by a person without relevant financial relationships.
